

Recipe: Melt & Pour Pedicure Soap

“ *This brightly colored, citrus scented soap is perfect for both exfoliating rough dry skin with the loofah and moisturizing with the oatmeal base.* ”

Yields: Approximately 20 - 5oz Bars of Soap

What You Need To Make This Recipe:

- 2 Pounds Crafter's Choice Oatmeal Soap Base
- 4 Pounds Crafter's Choice Extra Clear Soap Base
- 4 Ounces Crafter's Choice Orange Burst Fragrance Oil
- 1 Color Bar - Crafter's Choice Stained Glass Orange
- 20 Pieces Plastic Wrap For Packaging
- 20 Pieces Luffa Slices - 7/8" Slices
- 1 Round - Basic Silicone Mold
- 1 Plastic Dropper
- Microwave
- Pyrex or Microwave Safe Cup, 16-32oz
- Rubbing Alcohol for Fine Mist Sprayer
- Soap Slicer / Cutter
- Spoon

Directions:

1. NOTE: If you are making these products for sale, good manufacturing practices recommend you wear a hairnet, gloves and a mask. We also recommend a clean apron.
2. Using a soap slicer, cut clear soap into 1-2 inch pieces. The soap slicer is dull and perfect for this project. Do not use a knife as it is very sharp and the soap is slippery. The knife could slip causing injury.
3. Place 8 oz of oatmeal soap in a microwave safe glass container and heat for 30 seconds. Stir well. Repeat until soap is completely melted.
4. Pour 1/4" of oatmeal soap into each mold cavity. Allow to cool until firm.
5. Using a microwave safe glass container, place 16 oz of clear soap in a microwave and heat for 30 seconds. Stir well. Repeat until soap is completely melted.
6. Add 1/2 oz of fragrance and 1 cube of orange color. Stir until fragrance is fully incorporated and color cube is melted.
7. Once oatmeal soap is firm, spritz with rubbing alcohol. Set luffa on top of oatmeal soap.
8. Immediately pour the orange soap over the luffa and until the cavity is full.
9. Allow to return to room temperature and remove from mold.

10. Wrap in inexpensive plastic wrap. Pull tightly for extra clarity and to remove plastic wrap wrinkles.

11. If you are selling your soap, don't forget to label the soap to complete the package. Label according to FDA cosmetic label guidelines.

INCI Ingredient Label:

Propylene Glycol, Sorbitol, Water, Sodium Stearate, Sodium Laureth Sulfate, Sodium Myristate, Avena Sativa (Oat) Kernel Meal, Silica, Sodium Cocoyl Isethionate, Triethanolamine, Glycerin, Titanium Dioxide, Fragrance, Orange 4, Diazolidinyl Urea, Methylparaben, EDTA, Benzophenone 4.
